## How to get traffic to your website for free!

I'm John Trayhorn, one of the top 10 affiliates for a British company called [Virtual World Direct](#). In this concise e-book, I will show you how I generate free traffic to my website by using the FREE traffic exchange system called TrafficSwarm. I will also show you a way to multiply that free traffic totally free!

I wrote this e-book primarily for my downline in e-lottery, but it can work for any business or website. It is possibly one of the best and simplest systems for generating FREE Traffic!

**Step 1:** The first step to using TrafficSwarm is to sign up for a free account. To do this, please connect to the internet then [click here](#)

**Step 2:** Once you have set up your free account, you will be sent an email welcoming you and giving you your log in information. Simply log in to your TrafficSwarm members area and scroll down the page to a section headed '*Manage you site promotions*'. This is the area where you set up your e-lottery or other business advertisements. The 'Free' accounts allows you to create up to 10 free ads, these can all be pointed to the same website using different keywords for each or indeed they may be 10 different businesses or websites you are promoting.

**Step 3:** You should now set your browsers home page to the TrafficSwarm '*Start Page*' a URL that will be allocated to you once you have created your free account.

**Step 4:** You now need to build up *credits* in your advertising account. For every credit you get, your advertisement will be shown once on the TrafficSwarm network. So the more credits you accumulate, the more your ads will be shown! With a free account, you receive 1 credit each time you open your browser and varying credit amounts for each ad you click on.

**Step 5:** Set up a daily routine – This will take about 30 minutes of your time and must be done everyday. Sounds boring right? Well perhaps it will not be so boring when I tell you that by doing this your ad will be shown over **5000** times every month! First thing to do in your daily routine is to open your browser, if you have set your home page correctly, you should see the TrafficSwarm *Start Page*. At the top of the page you will be able to see how many credits you have. Make a note of this number and then add 170 to it – write it down.

Now in turn, click on each of the 8 ads. The ads will open and you will see at the top of the page a counter that counts down from 20. This is the time you must view the ad before you move on and click on the next one. You will see a message appear at the top of the screen telling you how many *credits* you have earned by viewing that particular ad.

Once you have clicked on all 8 ads, close your browser and then re-open it. You will now see another 8 ads appear on the *Start Page*. Repeat this process until the credit meter shows the number you have written down (your original credit amount + 170)

By doing this, your e-lottery or other ad will be displayed over **5000** times every month. You could of course increase this figure simply by repeating the above process many more times. For instance if you wanted your ad shown 10,000 times a month, simply add 340 to your starting credit number instead of 170.

There you have it – Free traffic to your e-lottery website for just a little of your time every day!

But wait! – It gets a whole lot better than that...

Read on and discover the real magic of TrafficSwarm...

# The real magic of TrafficSwarm!

Now I know what you are going to be thinking as you read the next few lines ' Oh I get it, he's after money' But please do read on as this could actually earn you some money!

Upgrading from your *Free account* to a *Pro account* will cost you \$30 a month (Around £18) but only to begin with, read on and see the benefits!

By upgrading you immediately get...

- 2,500 free credits each and every month! (without looking at the other ads)
- Unlimited amount of ads (only 10 with a free account)
- 3 free credit every time you open your browser (for the first 20 times)
- Then 2 free credits after the first 20 times (only 1 free credit each time with the free account)
- 200 free credits each time you introduce a new member (only 100 with a free account)

As if this wasn't enough value for just \$30 a month – It get's even better!

As a TrafficSwarm Pro Member, you earn \$5 a month for every new Pro Member you introduce!

Now it doesn't take a brain surgeon to work out you only need 6 Pro members to get the whole Pro package for FREE! By showing your downline members of your e-lottery business how they can get free traffic to their site and by them doing the same, you can all have as much FREE traffic as you can handle!

## But it still gets even better!...

As a Pro Member you get 2 free scripts that you can add to your personal website if you have one which will drive even more traffic to your sites.

The first is a *search box*, which when added to your site allows your visitors to search the web. The search box contains your referral link which can lead to even more visitors and credits for you. When someone performs a search that matches keywords from one of your ads, your links automatically become featured listings at the top of the results returned on other member's websites, but not your own.

Secondly, there's what's known as a *Link Box* this displays ads from other TrafficSwarm members in rotation. By displaying a link box on your website, your links are automatically displayed on thousands of websites throughout the network! This is an amazing tool as when someone clicks on a link to you from someone else's website, you don't lose one of your credits but you do have the chance of another customer.

## And still it gets even better...

Each time someone that you have introduced clicks an ad on their *start page* YOU get 1 free credit every time they click! And you get a free credit every time they open their browser.

## But what's still to come will amaze you even more!

- ✓ Phone interviewed leads.
- ✓ Real time leads.
- ✓ 4 question survey leads.
- ✓ Phone verified leads.
- ✓ and of course the autoresponder leads.

**Oppseekers.com** tremendous compensation plan is something that has **never been done before.**

We are giving our members the **OPTION** as to whether they would like to be **compensated** by receiving **free leads** or if they would like their **commissions** they have earned.

This is something that can be changed week by week. For example, one week you may want to request the cash instead of leads or vice versa. Maybe you would like to always request free leads just so you can give them back to people in your downline that are building a team with you.

*"After trying dozens of lead sources and spending a great deal of money on leads that just didn't deliver, I was thrilled to find Oppseekers. I and my team have seen incredible growth using Oppseekers Auto Responder Leads and the Four Question Surveyed Leads. I would certainly recommend them to anyone looking to build their business.*

*Every successful marketer knows that the key to online success is building your own opt in list and talking to interested people on a consistent basis. Oppseekers certainly allows you to do just that at a very reasonable price. But, the best part is that it's a free to join affiliate program. You can earn cash and/or leads free, just by referring others. I have earned a lot of cash and tons of quality leads. And it cost me nothing, zero, zip, nada!!!*

*I highly recommend Oppseekers to anyone wanting to build their business."*
